ARREST OF A MINING SUPERINTENDENT.
THOMAS B. PHEBY CHARGED WITH APPRO PRIATING OVER \$50,000—WHAT THE ACCUSED MAN SAYS.
Thomas B. Pheby was arrested at the Hoffman House on Wednesday evening by a deputy sherif, on an order of arrest issued by Judge Sedgwick, and confined in Ludlow Street Jail in default of \$20,000 bail. The order of arrest was granted on affidavits of the Inyo Consolidated Mining and Milling Company of California charging Mr. Pheby with having appropriated \$50,468.46 belonging to the company. The affidavits recite that Mr. Pheby was made suerintendent of the company on September 6, 1881, and that on October 4 his salary was fixed at \$500 a month. He was to take charge of the mill and the work of reducing the silver ore to bullion which he was to sell for the company. On January 30, 1882, he made a report that he had \$10,872.92 on hand, above all the claims against the company. It is charged that he afterward abstracted twenty-five bars of bullion valued at \$25,865.54. The mill and macninery were damaged by fire in December I ast, and Pheby is said to have received \$33,500 of insurance money in settlement of the damage. He afterward came to New York, it is charged, with \$70,238.46 and put in vonehers for expenditures amounting to \$69,901.93. An examination has since shown, according to the affidavit, that the actual expenditure was only \$19,770 and Pheby is said to have acknowledged the fact and to have promised to make restitution. Pailing to do this the suit was corought upon which the order of arrest was granted.

Mr. Pheby is a Western man about forty-five years of age, who has been engaged in mining on the Pacific coast for tweity-five years, living for the last thirteen years in San Francisco. He has been in this city for about a month, but his family is in Oakland, Cal. To a Tribune reporter, who called at the Ludlow Street Jail yesterday afternoon, he said:

"You are charged with taking money to pay for a house in Oakland, Cal. To a Tribune reporter, who called at the Ludlow Street Jail y

MOVING AGAINST ADULTERATED TEA. AUCTIONEERS ENJOINED FROM SELLING A LARGE QUANTITY OF 80-CALLED PING-SUEY TEAS.

QUANTITY OF SO-CALLED PING-SUEY TEAS.

The first action by the authorities under the law of 1881 to prevent the sale of adulterated teas was taken yesterday by the Health Department. John H. Draper & Co., auctioneers, had offered for sale at auction a large quantity of tea. Among the lots were 3,563 packages of Ping-Suey teas, belonging to Williams & Hall, of Boston, and Purdon & Wiggin, of this city. When the packages were offered for sale the auctioneer was served with an injunction issued by Judge Sedgwick, of the Superior Court, restraining the sale on the ground that the lots offered were adultarated. The brokers assembled were astonished, and departed when it was clearly shown that the sale could not be resumed. The injunction was obtained by W. P. Prentice, counsel for the Board of Health. The application for it was based on affidavits made by President C. F. Chandler, of the Board of Health, Edward G. Love, a chemist of No. 122 Bowery, and two experts, C. G. Boardman and William MacGregor. It was alleged in the affidavits that the packages of teas were owned by James Purdon and Augustus Wiggin, of No. 87 Front-st, and were advertised to be sold by Draper & Co. at a public auction at noon on May 3. The teas were named in the advertised list as Ping-Suey teas, but they were only colored and adulterated imitations of Ping-Suey teas. Dr. Chandler stated in his affidavit that he had examined specimens of tea given to him by the two experts and said to be samples of the alleged Ping-Suey teas to be sold by Draper & Co., and had found that the teas were adulterated with mineral substances. They evidently had been "manufactured or prepared in imitation of another and better article of teas." In his opinion they were unwholesome and unfit for use. The sale of so large a quantity of such teas would cause injury to a great number of persons.

Mr. Love, who is the public analyst of the State Board of Health, declared that the teas referred to

FLIGHT OF A PAPER MERCHANT.

FLIGHT OF A PAPER MERCHANT.

Orrin F. Smith, paper manufacturers' agent at No. 20 Reade-st. has failed and left the city, leaving his creditors in the lurch. His liabilities are reported all the way from \$15,000 to \$50,000, but it is thought probable that they will not exceed \$20,000. He disappeared from his office about a week ago and has not since been seen or heard from by his creditors or employes. He left no word that he was going away. A committee of creditors is at work on his books to ascertain the condition of his affairs, to find what he has done with the money obtained, and to learn if possible whether there are any assets left. As far as the committee has been able to learn the debts are between \$15,000 and \$20,000 and the assets are very meagre. A representative of Mr. Smith said yesterday that he did not think Mr. Smith took much money away with him; the reports that Smith owed \$35,000 were greatly exaggerated and he did not believe he owen more than half of that amount. It was learned that the greater part of the indebtedness is due to mills out of town, for which Mr. Smith sold the goods. Among the creditors are Wilder & Co., of Boston.

A REUNION OF VETERANS.

The old First Brigade, First Division of the Sixth Army Corps, which was commanded by General Philip Kearny, had their second annual reunion at Newark yesterday. Flags were displayed on many of the principal buildings in honor of the occasion. The regular business meeting of the brigade was held at Library Hall, Major E. A. Bryan presiding. A constitution was adopted and officers were elected for the brigade and regimental organizations comprising the 2d, 3d, 4th, 10th and 23d regiments. Shortly after 1 o'clock the brigade marched to Military Fark where an address was delivered from the Kearny Monument by John G. Foster, the author of the history of New-Jersey soldiers in the Rebellion. Dinner was afterward partaken of at Kleb's Hall. Thirteen tattered battle flags of the old brigade were carried in the parade. The Kearny stane in the park was decorated with flowers and bunting. A REUNION OF VETERANS.

At Newark yesterday Judge Depue rendered a decision sustaining the indictment for forgery against William A. Hall and denying the motion to quash. The counsel for Hall then entered a formal plea of not suilty, and the case was set down for trial for next Wednesday. Hall's counsel entered an objection to the jurisdiction of the Court to try the four additional indictments for embezzlement against the prisoner on the ground that having been extradited for forgery under the Ashburton treaty the Court had no power to try him for any other offence. Prosecutor Keen was given until Saturday to traverse this plea or demur to it. The Prosecutor teem moved to overrule the pleas as they were not verified by affidavit as required by the practice at common law. Judge Depus held that this was necessary and ordered that it be done. THE HALL INDICTMENT HELD TO BE GOOD.

JONATHAN TREMAINE WELLS'S WILL.

Surrogate Bergen in Kings County yesterday admitted to probate the will of the eccentric old bachelor, Jonathan Tremaine Wells, which was contested by some of his relatives on the ground of want of testamentary capacity. He died on October 16, 1881, at the age of eighty, and his will was dated April 5, 1879. His nearest relatives were cousins. His estate, valued variously from \$300,000 to \$800,000, was left as follows: To eight first cousins, \$5,000 cach; to six second cousins, \$2,000 each; to five firends, \$2,500 each; to six charitable institutions. \$5,000 cach. The rest of the estate was to be distributed among the legatees, except the five friends and the six charitable institutions, in proportion to the amount of their legatees. Mr. Wells had many marked peculiarities, and many accounts of them have been published. The Surrogate holds that at the time the will was made the testator was JONATHAN TREMAINE WELLS'S WILL.

THE CHAMBER OF COMMERCE MEETING.

The Chamber of Commerce held its one hundred and fifteenth annual meeting vesterday, George W. Lane in the chair. Jacob F. Bamberger, Cornelius C. Cuyler, Charles M. Jesup, George Henry Sargent and Simeon W. Sibley were elected members. J. W. Elwell made a report for the Committee on Pilotage in relation to the bill to reduce the fees of the Sandy Hook pilots. He spoke of the peculiar tactics of some of the State Senators in obstructing the passage of the bill, which had passed the Assembly with a good majority. He also called attention to the fact that James Ridgway, the counsel selected by the committee, had been excluded from the floor of the Senate. Mr. Elwell said he could vouch for Mr. Ridgway, and he hoped that the Chamber would ratify the action of the committee in selecting him. A Foster Higgins said that some of the legislators presumed to sit at the Capitol and laugh at the citizens of New-York. Finally a resolution was adopted approving the conduct of Mr. Ridgway.

F. B. Thurber then began to read a memorial address in reference to Peter Cooper. He was interrupted by the President, who stated that a dispatch had been received from Albany stating that the Pilotage bill had failed to pass. The bill, however, was to be reconsidered, and he had hopes of its ultimate passage. The following dispatch was then sent to the Lieutemant-Governor, to be read to the Senate:

The Chamber of Commerce, now in session, has just passed the following: Resolved, That the interests of the THE CHAMBER OF COMMERCE MEETING.

A resolution was adopted ratifying a resolution of the Legislature, urging upon Congress the passage of an amendment to the Constitution which will enable citizens of one State to enforce the payment of claims against another State.

The following officers were then chosen: President, George W. Lane; vice-presidents, James M. Brown and William H. Fogg; treasurer, Solon Humphreys; secretary, George Wilson; Executive Committee, Charles S. Smith, B. G. Arnold, Morris K. Jesup, Oliver Harriman, Henry Hentz.

GRACE MEMORIAL HOUSE.

GRACE MEMORIAL HOUSE.

Grace Memorial House, at Nos. 94 and 96 Fourthave., was formally opened yesterday afternoon. There were no services nor ceremonies whatever. The Rev. Dr. Henry C. Potter, rector of Grace Church, and his assistant, the Rev. Gr. F. Nelson, received those who called at the house and showed them the different parts of the institution. Many large bunches of flowers were arranged in different parts of the neatly-furnished rooms, and in the back parlor of the first floor a luncheon was served.

Grace Memorial House is a present to Grace Church Parish, from Levi P. Morton, United States Minister to France. A table in the hall of the house states that Mr. Morton founded the institution in memory of his wife, Mrs. Lucy Kimball Morton, who died in 1872. After Mr. Morton's death the fitle of the institution will be changed to Morton Memorial House. In 1872 Mr. Morton gave \$42,500 to Grace Church Parish for the establishment of a day nursery for poor children, and atterward he added \$30,000 to complete his gift. Four years ago the Day Nursery of Grace Church Parish was started, at No. 127 East Thirteenth-st. It was at once a success. When Grace Memorial House was finished two months ago, the nursery was moved into it; and as complete a success has attended in the new as in the old house. Working-women, who go away from home to work, bring their children there; and for 5 cents a day for each child have them carefully watched over, well washed, well fed and well instructed. The daily attendance ranges from sixty to eighty. The children are brought to the house at 7 o'clock a.m. and stay there till 7 o'clock in the evening.

The superintendent of the Day Nursery is Miss Wiltsie, and the house physican is Dr. Anna L. Benson. The officers of the institution are the following: President, Mrs. Benjamin Haxtun; vice-presidents, Mrs. George S. Howdoin, Mrs. H. Turnbull; secretary, Miss Ulshoeffer; treasurer, the Rev. George Francis Nelson; managers, Miss Townsend, Mrs. A. C. King-Jahad. The expenses of the hou

some and unfit for use. The sale of so large a quantity of such teas would cause injury to a great number of persons.

Mr. Love, who is the public analyst of the State Board of Health, declared that the teas referred to had been adulterated by the addition of mineral matter which made them appear better than they had been colored and coated with a much inferior and cheaper substance whereby damage and the poor quality of the teas were concealed, and that the mineral matter rendered the teas unwholesome and injurious to health. The two experts, who procured samples of the teas for chemical examination, made similar statements.

George T. Kellock, of Draper & Co., said to a TRIBUNE reporter that the injunction looked to him like sharp practice. His catalogue had been issued since Saturday, but the firm had no intimation of the injunction until the goods were offered for sale. He sold from thrity to fifty thousand packages of these teas every year, and never had had any difficulty before. The goods were not of a high grade, it was green tea and that kind of tea always had been colored in China. He thought the trouble arose from the objection of certain brokers to anction sales, though he did not wish to state that fact positively.

THE TROUBLE IN THE UNION CLUB.

Members of the Union Club yesterday expressed the opinion that there would be without doubt an opposition theket to the regular noninations for the Governing Committee, emanating from what might be termed the conservative element of the club. As the ticket has to be posted ten days before the annual meeting, which will take place this year on Wednesday, May 23, no time will be lost in making it up. "I cannot tell you anything with certainty as to the names," said an old member of the club and one of the conservative party who has himself belt office, "but you are right in supposing that an opposition ticket will be posted, and that on it will be found the hames of some of the retiring members. Two of them, Mesers, Sheldon and Biagden, have, I believe, declined to serve again."

From another source it was learned that John L. Cadwalader and ex. Mayor Cooper would head the ticket. Mr. Cadwalader, however, refused to say anything on the matter, and Mr. Cooper is in Albany. Thomas M. Foote will also probably decline to serve again, but Paul S. Ferbes may possibly join Mesers. Cadwalader and Cooper. One member of the club said, in speaking of the matter, that there was no doubt as "to the quarter from whence comes the rumors that Mr. Leubat has been made the cause of the semi-rebellion."

"It is a promifient member of the club" continued he, "and I do not blame him in the least. He acts in perfect good faith, but is and always has been a strong partissan of Mr. Loubat. Of course, Loubat feels sore and would be glad to have it imacflued that there is a strong partisan of three-quarters of the members. I myself don't think there was no there."

PHILADELPHIA, Penn., Sept. 6, 1882.

Hop Ritters Co. I am seventy-four years old, have lived thirty-four years in Philadelphia, and well known among Germans. I have been troubled twelve years with a white swelling on my right foot, and getting worse every year, and very painful, and breaking out in hot weather. I consulted several doctors and they told me it was incurable and I would have to take it with me in the grave. Some time ago I lost my appetite, was costive, had headache, and fever, in fact was very sick. I saw in *The German Democrat* that Hop Bitters was what I needed. I got a bottle, took it one week and was as well again as ever, and to my greatest surprise right from the first, my swelling went down gradually and I, taking another bottle, got entirely well of it. The wife of my neighbor had two such swellings on her legs and three bottles cured her. I think this is a great triump JOHN STOLL. for your bitters. No. 4 Young's Alley, above Willow-st.

STIPPSHILL, Ind., Nov. 13, 1881. DEAR SIRS:—I have read so much about Hop Bitters and always being afflicted with neuralgia, weakness, diseased stomach, never having much health, I tried a couple of bottles; it has strengthened and helped me more than any medicine or doctor. I am now on my third bottle and am thankful that it has helped me. I will advise all that are afflicted to give it a trial.

LEETONIA, Penn., April 13, 1882. Hop Bitters Co.

I have not been well for three years, tried almost every kind of patent medicines and no less than seven doctors, one of Elmira, N. Y.; none have done me any good. I finally tried your Hop Bitters and found them just the thing. I have praised them so highly there is a great number here who use them with great benefit and satis Very respectfully yours, R.; HUNT.

Reading your advertisement in The Christian at Work, he was prevailed upon by one of his daughters to try it. Three bottles effected a cure, and now he is an enthusiast for "Hop Bitters." He is one of the oldest residents in the locality named, and known as a gentleman of unusual probity. Henny TOTTEN, No. 62 North 10th-st., Philadelphia, Penn.

# Wicked for Clergymen.

"I believe it to be all wrong and even wicked for ctergymen or other public men to be led into giving tes-timonials to quack doctors or patent medicines, but when a really meritorious article composed of valuable when a reasy meriods and that all physicians use and trust in daily, we should freely recommend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends, firmly believing they have no equal for family use. I will not be with-out them. Rev. B. R—, Washington, D. C."

A good Paptist clergyman of Bergen, N.Y., a strong temperance man, suffered with kidney trouble, neu-ralgia and dizziness almost to blindness, over two years after he was advised that Hop Bitters would cure him secause he was afraid of and prejudiced against the word "bitters." Since his cure he says none need fear,

My wife and daughter were made healthy by the use of Hop Bitters and I recommend them to my people. -Methodist Clergyman, Mexico, N. Y. I had severe attacks of gravel and kidney trouble; was
